

WALL DECAL PRODUCT DATA SHEET

The adhesive is re-movable, re-usable and re-positional. It can stick to virtually any painted surface (in all weather and room temperature changes), and can be easily removed with a 99% guarantee the surface will be residue free. The material does not rip or wrinkle and is not required to be removed after a certain period of time.

Not recommended for brick, non-painted cement surfaces, or heavy painted spackled wall board
Make sure you allow 30-days on newly painted surfaces for out-gassing (to prevent bubbling). Results will vary on stucco and eggshell painted surfaces.

FIRE RATING: All decals are Class I or A: ESTM 84, NFPA 101, 500 and international code 803.1.1 fire rated

Retain backing sheet for storage! Decals can be removed off the wall and placed back onto the backing sheet for storage.
